

ASC DULEVO 5000

The world's only 100%
dust free sweeper
- PM Compliant
& Certified

THE DULEVO 5000 is available in 2 versions.

THE DULEVO 5000 veloce is the fast version where the machine can reach speeds of up to 80 kilometres per hour.

THE DULEVO 5000 veloce is used by city councils and sites requiring large distances to be covered where travel speed is important.

THE DULEVO 5000 evolution is a unique articulated 4 wheel steer machine with a top speed of 45 kilometres per hour.

THIS MACHINE is generally purchased by the industrial market where applications include the mining sector as well as cement, masonry, brick, aluminium & glass manufacturing plants.

THE DULEVO 5000 is also designed to be used by ports and civil contractors where aggregate, rocks, leaves and grain needs to be picked up.

THE STREET SWEEPER and leaf sucker Dulevo 5000 has:

1. Iveco 4-cylinder, water cooled diesel - 110kw hydraulic traction with variable displacement pump and hydraulic motor directly to front differential and negative brake.
2. Power steering - hydraulic 4 wheel steering Left hand drive.
3. "Self-levelling" hydraulic rear suspension.
4. Homologated lighting system.
5. Pressurised cabin fitted with dust filter and heater.
